

Successful Polish-Norwegian partnerships

Almost 10 % of projects approved under the Polish NGO Fund have a Norwegian partner. In this article, you can get a glimpse of some of the successful Polish-Norwegian partnerships.

the Polish NGO fund which will provide more than 40 million euros to Polish NGOs and their partners in the EEA-EFTA states. To illustrate the impact of this, it is likely that this fund alone will support more than 1,000 NGO projects that will involve several thousand people through the activities that these grants will generate. Below is a selection of some of the projects where Norwegian-Polish partnerships has been a success.

Project title: *Polish and Norwegian partnership for sustainable bio-energetical development of Łódzkie Voivodeship – Bioenergy for the Region*

Polish NGO: The Association Of Economic Consultants Pro-Akademia

Partner: Stiftelsen, Lillehammer Miljø

Summary of the project:

Aim of the project is to create a partnership of non-governmental organisations with authorities of Łódź region. It could contribute to implementation of educational and informational activities for environmental protection in the areas of business working with using environment friendly, renewable energy sources. The project will be a platform of cooperation of two non-governmental organisations. From Poland it will be the Association Of Economic Consultants Pro-Akademia, and from Norway - - Stiftelsen, Lillehammer Miljø - Environment Lillehammer. Target groups of the project are: farmers, entrepreneurs, representatives of local authorities and non-governmental organisations that function in the area of the Łódź region. Main activities of the project will be conferences, creation of a webpage, publication and trainings for the target group including a study trip to Norway. Its aim will be to learn good practice in the area covered by the Project. The Project time span is 12 months. The project is innovative, complex and answers particular needs of the target group. The project is a continuation of activities in the field of coordinating work of Bioenergy for the Region Cluster in Łódź.
